TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

(L. S.)

To the inhabitants of the Town of North Hampton in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said North Hampton on Tuesday, the fourteenth day of March, next, at ten o'clock in the forenoon.

Note: Articles in the warrant will be acted upon at 1:00 P. M.

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the town will raise and appropriate the sum of \$122.23 for the town road aid, the State to contribute the sum of \$488.92.

4. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 17th day of February, in the year of our Lord nineteen hundred and forty-four.

FORREST E. KNOWLES,
IRVING W. MARSTON,
JOSHUA F. DRAKE,

Selectmen of Town of North Hampton, N. H.

A true copy of Warrant — Attest:

FORREST E. KNOWLES,
IRVING W. MARSTON,
JOSHUA F. DRAKE,

Selectmen of Town of North Hampton, N. H.

SCHOOL REPORT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To The School Board of North Hampton:

I herewith present to you my fourteenth report as Superintendent of your school.

The current school year began on September 13, 1943 with an initial enrollment of ninety-nine pupils; twenty-four in grades one and two, thirty-three in grades three and four, twenty-three in grades five and six and nineteen in the seventh and eighth grades. This number is slightly larger than that of last year. With the present set up each teacher now has two grades instead of the larger number of previous years. This arrangement results in fewer formal classes per teacher and more opportunity for individual work with the pupils. In spite of the lack of teachers, North Hampton fortunately retained its staff in tact. This assured us another year of continued progress educationally. The four teachers are teachers of successful experience in our school system and other systems. Their experience is North Hampton's gain.

We are continually attempting to improve the equipment with which our pupils work. More texts and more work books than usual were purchased this year to be certain that all pupils had all the working tools necessary. A new encyclopedia was supplied. This is not a "shelf decorator" but is in frequent use by all pupils of the middle and upper grades. The shop equipment has been increased, and the shop class for boys extended to include the boys of grades five and six. The Parent-Teacher Association took an active interest in this course

and contributed to its equipment. As a parallel to this work Mrs. Parker is supervising a course in elementary practical arts for girls in grades five through eight. Training in manual skills is assuming increasing emphasis in all school programs. The fifth is none too early to start this important phase of modern education.

North Hampton is yearly increasing its services to its children. The school is fortunate, above other similar schools, in its lunch room program. The hot lunch program so capably begun by Mrs. Allen, despite food rationing December first, is now being efficiently continued by Mrs. Egan. It is planned that this will continue into April. The penny milk program is being carried on with each bottle costing the pupil two cents while the Agricultural Marketing Administration pays an additional two cents.

Drinking fountains have been placed in each recitation room. Aside from the resulting better service to the pupils, these are time savers and result in a more efficient administration. Two additional toilets, for the two lower grade rooms, are new installations helping to improve the organization of the school.

The lighting of the building has been tested. This will be improved by installing higher powered lights and, if necessary, dropping them nearer to the pupils' desks.

The report of the school nurse is included herewith. It is an obligation to guard the health of our children. Since so much of the life of the child centers about the school it seems right that the schools should pay particular attention to the physical condition of its pupils. The Nurse's report gives a picture of the service of the schools in her department.

We are attempting in North Hampton a more accurate form of personal analysis and vocational guidance. Too often pupils adapted to one type of education attempt a type entirely unsuited to their interests or capacities. The result is poor work and discouragement on the part of the pupil. If he can be carefully analyzed, his aptitudes tested and varied achievements measured, he will be better enabled to find the school work that is best for his particular need. The ideal sought is that every child shall be placed in the school situation that will give him the greatest benefit. To secure this will require personal conferences and aptitude tests for each child in the eighth grade.

The work of our Art supervisor, Mrs. Naves, is a credit to her and to the school. The pupils enjoy her instruction and are receiving valuable benefit from it. Mrs. Southwick has charge of the music course. She is planning to increase the benefits to our pupils by instruction in musical instruments. A school orchestra is planned which will be a source of pleasure to our pupils while in school and a training which will help them to a fuller life in later years.

The field day, which was held at the close of the school year, produced considerable interest and brought to the pupils some idea of physical exercise and of participation in group activities. We hope it will be an annual event.

If the grade of work done in other schools by our graduates is a criterion, North Hampton scholarship is good. Reports from Hampton High School and Academy, where the majority of our pupils go, show a most satisfactory record. Of the two hundred, sixty-four marks earned by our graduates the average is 84.5 per cent. The eleven failing marks of the second report are so evenly distributed as to subject, that there should be no difficulty in bringing practically all of these to the passing grade.

The Parent-Teacher Association has always stood ready to help the schools in worth while activities. Its meetings are being held regularly. Exhibitions and school procedures are brought into its meetings. I believe these programs are of mutual interest and benefit to school and organization. It is one guarantee of a good school.

The schools are active in the war effort. Aside from the initial registrations for the different rationing books, the scrap drive and the paper collection, the children are regularly buying bonds and stamps. It will be of interest to note that the Center School has purchased a total of \$267.50 in war bonds and stamps since September 1943. When 90% of the pupils have made purchases the school will be entitled to fly a minuteman flag. We are looking forward to seeing this accomplished.

I wish to express my appreciation to you as a School Board for valued help given me in my duties as Superintendent of your school.

Respectfully submitted,

ROY W. GILLMORE,

Superintendent of Schools.

February 2, 1944.

SCHOOL DOCTOR'S REPORT

To the School Board of North Hampton, N. H.

Continuing the policy of giving a more thorough examination to two grades each year, the second and the sixth, we found in the twenty-seven children examined that in the past few years a very gratifying improvement has been made in general health especially in the care of the teeth.

We did find one or two cases of tonsil infection and again as last year too many cases in which not enough care is taken to see that the child's shoes are kept in proper repair. Do not allow a child to wear shoes that show signs of excessive wear on the outer side of the heel as wearing such a shoe will result in flat-foot later on in life.

HERBERT A. WHITE, M. D.

February 1, 1944.

REPORT OF THE SCHOOL NURSE

To the School Board of North Hampton:

Following are the health activities carried on in the North Hampton Schools from January 1, 1943 to January first, 1944.

Most of the follow-up work and corrective work following the 1942 physical examinations were done during the winter and spring terms of 1943.

A dental clinic was held in Doctor Logan's office in Exeter. Ten children had complete dental care at clinic.

Seventy-four children had dental care by their family dentist. Four children had tonsillectomies performed. Five children were taken to Dr. Jone's clinic in Manchester for examination of children having Orthopedic defects. Mrs. Price, from the office of the State Board of Health came down to instruct these children in their exercises. Three, unvaccinated children were vaccinated. Three children had eyes examined and received glasses. Four children had glasses changed and eyes examined.

Number of children examined in 1943 — 99

Number of Physical Examinations by Dr. White — 26

Number of Physical Examinations by School Nurse — 73

Number of children found to have defective vision — 10

Number of children found to have defective teeth — 32

Number of children found to have defective tonsils — 11

Number of children found to have orthopedic defects — 10

Number of children found to have anaemia — 1

Number of visits to the school — 23

I am pleased to note that all children may have a good hot plate with their lunch during the winter months and that fresh milk may be had in school for a very small sum. I feel that this is a great help and benefits the children greatly, bringing their health record above other towns which are in my care. Dr. White spoke very highly last year and again this year of the fine condition of the children's teeth. I find most of the parents very co-operative and ready to have all defects corrected as soon as possible.

I wish to take this opportunity to thank our Superintendent, Mr. Gillmore, the School Board, teachers and the Parent Teacher Association for their cooperation and wonderful help with my work.

Respectfully submitted,

ELOISE B. SHEEHY, R. N.

Auditors.

REPORT OF LIBRARY TRUSTEES

During the past year the community has lost two of its outstanding citizens in the persons of our beloved librarian, Margaret B. Seavey, who had served for a period of twenty years, first as trustee and then librarian, and Edward M. Smith, trustee for thirty years and more responsible than any one person for the development of our library as it is today.

Mrs. George Craig was engaged in October to succeed Mrs. Seavey. The selectmen appointed Rev. Joseph Burnett to fill Mr. Smith's unexpired term.

We were fortunate in having the services of Miss Catharine Pratt, Assistant State Librarian, for a day in November to assist the new librarian with any problems. Miss Pratt recommended the discarding of numerous obsolete and unused books to make room for the more useful and popular books on our crowded shelves. Consequently, an inventory has been started and some volumes were discarded or placed in reserve on the upper floor of the library. This work, which is being done by the librarian with the assistance of volunteer helpers, will be completed during the coming year.

On Memorial Day special services were held at the library as the community service flag was raised in honor of the North Hampton men and women in the armed services of the U. S. At that time there were sixty stars. Since then others have been added including a gold star in memory of Y 1-C John J. Brown. The display of addresses and photographs of persons in the services has been continued.

Anne Carroll Moore, noted children's librarian of New York, visited our library August fourteenth, through the kindness of Mrs. Hobson. Twenty children and four adults enjoyed her story-telling. Programs for children are planned for the coming year.

An annual scrap book of North Hampton has been started, containing clippings of events and people of this community. Please leave any clippings you would like included at the library, to be used with our best judgment.

Mrs. Edward M. Smith has donated a collection of town reports to the library. These will be bound and kept in the library as a memorial to Mr. Smith.

We have added 149 volumes of which 98 were fiction, during the current year. This includes books purchased with the income from the Marston Trust Fund.

The trustees welcome any suggestions from the patrons of the library for the improvement of our library service. We will be glad to accept gifts of books but must reserve the privilege of passing final judgment on them.

The expenses for the past year were as follows:

Salary of librarian	\$250.00
New Books	245.04
Periodicals	26.50
Insurance	65.75
Fuel	50.81
Electricity	12.00
Miscellaneous Supplies	50.63
Repairs	5.75

Postage	1.63	
Total		\$708.11
Received for books sold		30.61
Net expense to Town		\$677.50

We estimate the expenses for the coming year as follows, with recommendation that the amount be appropriated:

Salary of librarian	\$275.00	
New Books	250.00	
Periodicals	25.00	
Fuel and Lighting	50.00	
Repairs	500.00	
Miscellaneous	50.00	
		\$1,150.00
